To Whom it May Concern:

We would like to express our sincere thanks to Leeson Canada for the helpful staff that went out of their way to make sure we receive a shipment of sump pumps that were desperately needed in Lethbridge due to three days of severe rain.

Marie Flaman, from your Edmonton office, throw her entire sump pump stock into her personal vehicle, went to another supplier and picked up about 50 more sump pumps and then drove the five and one half hours to Lethbridge so that our customers could have a pump to clean out their basements etc. She only stopped for gas and was very helpful in getting the stock to our showroom.

We would like to sincerely thank Marie for her thoughtfulness and her desire to help out in the emergency that faced southern Alberta communities.

Sincerely,

HAGEN ELECTRIC LTD.
